

WHEN WAS THE LAST TIME ONE OF YOUR A/E MARKETS RECEIVED A RATING INCREASE?

Go ahead; ask that question of the current PL carrier for your A/E business. Fact is, most likely they have not earned a rating upgrade for nearly a decade. That's why AEIC's recent A.M. Best "A-" rating upgrade is so special. As specialists providing customized insurance solutions and products specifically for architects & engineers, our rating upgrade is a confirmation and recognition of our commitment, longevity and success in the market.
