

CLAIMS SERVICE FOR ARCHITECTS & ENGINEERS

At Architects and Engineers Insurance Company (AEIC), our claims service is customized to meet the needs and challenges of architects & engineers. As specialists in providing insurance products and services to the architect & engineer markets, we share common experiences that allows us to place a high priority on tailoring the very best in claims services to architects & engineers.

As an insurance carrier owned entirely by its policyholders, we provide a smart alternative to commercial insurance carriers. We offer insureds long term price stability, superior risk management & claims services and a policy form that is regarded as the best in the industry.

Trust in someone who knows your business and give us a call...And claim your right to work with specialists!
